

DESQUICIVDO

“Juntos por pasión, desquiciados por el vino”

BLEND DE BLANCAS

This blend is a wine made with grapes from different Tupungato vineyards, in the heart of the Uco Valley. All the whites that make it up come from vines on sandy soils, with a lot of irrigation during the day. It is composed of 50% Sauvignon Blanc, 35% Pinot Gris and 15% Chardonnay.

This mixture of varieties arises from the idea of making a Sauvignon Blanc, whose harvest has passed over time stipulated and we find at the end of its fermentation notes more floral than those typical of the strain, which are usually always more herbaceous. We seek to compensate the acidity with Pinot Gris and finally we gave it more volume in the mouth with Chardonnay from the previous year, which had been aged in barrels 2nd use for 12 months.

ALCOHOL: 14%
PH/ACIDITY: 3.65 / 6.00
